LAWSON "DOME-TOP"
SELF-CLOSING REFUSE CANS
— 3 Sizes —

These flaring refuse cans with self-closing tops are ideal for garages, service stations, repair shops, recreation centers, parks, municipalities or wherever the disposal of waste is a problem. The easy-to-operate "PUSH" door is convenient, sanitary and promotes cleanliness. The special construction of the top unit makes the can vermin and rainproof. Constructed of heavy black steel, hot-dipped galvanized after fabrication to resist rust. Heavy reinforcing bands at the top and bottom of the can give extra strength to the rigid body.
